

## Technical Skills

---

- **Strong:** JavaScript (ES5 & ES6), HTML5, CSS3, React.js, Node.js, jQuery, PostgreSQL, Bootstrap (3 & 4)
- **Experienced:** OOP, Express, RESTful APIs (AJAX, Fetch), JSX, Flexbox, UX/UI design
- **Tools:** Git, GitHub, Meistertask, Figma, DB Designer, Chrome Developer Tools, React Developer Tool, Postman, Amazon Web Services (EC2), Visual Studio Code, npm, Slack, Agile Methodology

## Applications Developed

---

### Off-White Shoes Shop [Live](#) / [GitHub](#)

- A full stack mobile-responsive **Content Management System (CMS)** that can create, read, update, and delete (**CRUD**) shoes
- Integrated **React.js**, **JavaScript**, and **JSX** for front-end functionality to give users the ability to easily add, edit, or remove shoes
- Structured app layout using **HTML5**, **CSS3**, and **Bootstrap 4** for an accessible, mobile-friendly **UX/UI** design
- Built server endpoints using **Node.js** to retrieve data from **PostgreSQL** database via **Fetch**

### Super Cars [Live](#) / [GitHub](#)

- A full stack application built with a team of four, designed for users who want to rent and experience driving a super car
- Structured app layout using **React.js**, **Bootstrap 4**, and **CSS3** for a responsive **UX/UI** design
- Constructed **PostgreSQL** database to store user information and interact with front end via **Node.js** endpoints
- Employed **Meistertask** and **Slack** to track progress under **Agile methodology** while conducting **daily standups**

### Lakers Memory Match [Live](#) / [GitHub](#)

- NBA Lakers-themed card matching game with live statistics tracking, animations, and GIFs
- Built using **JavaScript** and **jQuery** to manipulate the **DOM** elements, render cards dynamically, and add card matching logic
- Integrated **HTML5** and **CSS3** media queries to make game **responsive** across mobile, tablet, and desktop viewports

## Professional Experience

---

### Real Estate Assistant | *New Star Realty*

2018 - 2019

- Analyzed, prepared, and modified documents including correspondence, drafts, reports, memos, and emails daily that I executed on timely matter to promote an overall efficient work environment
- Coordinated and assisted with agents when preparing showings by assisting the agents when discussing with potential clients
- Advised agents in marketing strategies to attract potential clients by looking over their ads and the importance of social media

### Dental Assistant | *M-Dental Group*

2017

- Provided chair-side assistance to dentist during the performance of dental procedures and surgeries
- Correctly prepared instrument trays prior to dental procedures, sterilized instruments, and assisted with laboratory duties between seeing patients to importantly maximize work efficiency and reduce the waiting time for scheduled patients
- Applied knowledge and instructed patients on the importance of postoperative and general oral health care

## Education

---

University Of California, Riverside | *Bachelor of Science, Biology*

LearningFuze | *Accelerated Web Development Program*

800+ hours of daily programming in a simulated work environment under the guidance of senior developers
