Timothy Lee

Technical Skills

- **Strong:** JavaScript (ES5 & ES6), HTML5, CSS3, React.js, Node.js, jQuery, PostgreSQL, Bootstrap (3 & 4)
- **Experienced:** OOP, Express, npm, RESTful APIs (AJAX, Fetch), JSX, Flexbox, UX/UI design
- **Tools:** Git, GitHub, Meistertask, Figma, DB Designer, Chrome Developer Tools, React Developer Tool, Postman, Amazon Web Services (EC2), Visual Studio Code, Slack, Agile Methodology

Applications Developed

Off-White Shoes Shop Live / GitHub

- A full stack mobile-responsive **Content Management System (CMS)** that can create, read, update, and delete **(CRUD)** shoes
- Integrated **JavaScript, React.js,** and **JSX** for front-end functionality to give users the ability to easily add, edit, or remove shoes
- Structured app layout using **HTML5**, **CSS3**, and **Bootstrap 4** for an accessible, mobile-friendly **UX/UI** design
- Built server endpoints using **Node.js** to retrieve data from **PostgreSQL** database via **Fetch**

Super Cars Live / GitHub

- A full stack application built with a team of four, designed for users who want to rent and experience driving a super car
- Structured app layout using **React.js, Bootstrap 4,** and **CSS3** for a responsive **UX/UI** design
- Constructed **PostgreSQL** database to store user information and interact with front end via **Node.js** endpoints
- Employed **Meistertask** and **Slack** to track progress under **Agile methodology** while conducting **daily stand-ups**

Lakers Memory Match Live / GitHub

- NBA Lakers-themed card matching game with live statistics tracking, animations, and GIFs
- Built using **JavaScript** and **jQuery** to manipulate the **DOM** elements, render cards dynamically, and add card matching logic
- Integrated **HTML5** and **CSS3** media queries to make game **responsive** across mobile, tablet, and desktop viewports

Professional Experience

Real Estate Assistant | *New Star Realty*   2018 - 2019

- Analyzed, prepared, and modified documents including drafts, reports, memos, and emails where I executed assigned tasks on a timely matter to promote an overall efficient work environment
- Advised agents with marketing strategies and created ads using Microsoft Word and Photoshop to attract potential clients

Dental Assistant | *M-Dental Group*   2017

- Provided chair-side assistance to dentist and assisted scheduling patients using Dentrix
- Correctly prepared instrument trays prior to dental procedures, sterilized instruments, and assisted with laboratory duties between seeing patients to maximize work efficiency and reduce the waiting time for scheduled patients
- Applied knowledge and instructed patients on the importance of postoperative and general oral health care

Education

University Of California, Riverside | *Bachelor of Science, Biology*

LearningFuze | *Accelerated Web Development Program*

800+ hours of daily programming in a simulated work environment under the guidance of senior developers
